The Period Return shown above is the all-in return Arcane Capital Partners LLLP allocated to NC Opportunity Fund LP's Class B capital account for the reporting period and ties directly to the entry posted to NC's capital account on the Fund's books. Detailed allocation source is described in Section 3.

SECTION 2

Limited Partnership Investment Overview

"NC Opportunity Fund LP holds a Class B limited partnership interest in Arcane Capital Partners LLLP. Period returns are allocated to NC's capital account under the Fund's standard waterfall, which applies a 30% trading fee to gross trading profits and splits the remaining net 70% to investors and 30% to general-partner economics. All NC period returns are retained as additions to capital account balance; no distributions were taken during NC's Arcane tenure."

Summary of the operating framework reflected in this report:

- NC Opportunity Fund LP subscribed to a Class B limited partnership interest in Arcane Capital Partners LLLP effective April 15, 2025, with an initial commitment of \$350,000.00 and subsequent additional capital deployments. NC was assigned Position ID 2196755 on the Juniper Square TPA system.
- Arcane Capital Partners LLLP deployed contributed capital across its trading program operated under the KIG Forex Trade Agreement dated January 27, 2025, with execution provided by SpyderTech.
- Monthly returns are calculated under the Fund's standard GPs Cuts waterfall: Gross Trading Return → 30% SpyderTech Trading Fee → 70% Investor Allocation / 30% GP Allocation of the remaining net. Effective NC investor share of gross trading return is approximately 49% ($70\% \times 70\%$).
- All NC period-return allocations have been retained as additions to NC's capital account balance throughout the Arcane reporting period; no cash distributions have been made to NC during its Arcane Capital Partners LLLP tenure.

SECTION 3

Capital Account Roll-Forward Support

The roll-forward below documents the calculation of NC Opportunity Fund LP's Class B capital account balance at the end of the reporting period. All amounts are stated to the cent per the underlying source records.

Roll-Forward Line	USD
Beginning Capital Account Balance	\$226,061.54
Capital Contributions (effective during period)	\$442,959.61
Distributions to NC	\$0.00
Period Return Allocation (per GPs Cuts / accounting source)	\$6,690.21
Other Adjustments / Reconciling Items	\$0.00
Ending Capital Account Balance	\$675,711.36

Beginning balance note. Beginning NAV reflects NC Opportunity Fund LP's initial subscription effective April 15, 2025 (\$224,970.00) plus partial-period April 2025 unrealized gain (\$1,091.54) booked May 1, 2025 as the inception allocation.

Source of period return. May 2025 period return is sourced from the Juniper Square accounting system allocation (\$6,690.21 booked June 2, 2025 as 'May 2025 Fund Returns'). No separate GPs Cuts allocation row was produced for May 2025 as this was the inception month of NC Opportunity Fund LP's full position; the standard GPs Cuts waterfall (gross → 30% SpyderTech trading fee → 70/30 investor/GP) was applied to subsequent monthly reporting.

SECTION 4

Manager Commentary

Inception Period · Initial Capital Deployment

May 2025 represented NC Opportunity Fund LP's first full reporting period as a Class B limited partner in Arcane Capital Partners LLLP. Beginning capital reflected NC's initial subscription of \$224,970.00 effective April 15, 2025, together with the partial-period April 2025 fund-return allocation of \$1,091.54 booked at inception.

During May, NC deployed an additional \$442,959.61 effective May 1, 2025, scaling its capital base to approximately \$667,929.61 on a contributed basis. The Fund allocated a May period return of \$6,690.21 to NC's capital account, equivalent to approximately 1.00% on time-weighted average capital deployed during the month. Ending capital account balance at May 31, 2025 was \$675,711.36.

The May allocation is sourced from the Juniper Square accounting system as no separate GPs Cuts waterfall row was produced for the inception month. Beginning with June 2025, the standard GPs Cuts allocation methodology (gross trading return → 30% SpyderTech trading fee → 70% investor / 30% GP split of remainder) is applied and reflected on subsequent monthly reports.
